

Dear Ala:

Thank you very much for writing to Former Vice President Al Gore about Democratise UN. Mr. Gore appreciates your taking the time to include him in your plans.

Unfortunately, Mr. Gore's schedule does not permit him to participate in as many projects as he would like, and I regret that he will be unable to become involved due to his full schedule and current commitments.

It's very difficult to decline invitations such as yours, but it's an unfortunate inevitability of the growing influence of the climate crisis message and the demand on Mr. Gore's time. Please know this does not reflect on the merit of your request.

On behalf of the Former Vice President, thank you again for your kind invitation. Best wishes for much success with Democratise UN.

Sincerely,

Kristen Jeffers
